ABOUT GPM

GPM specializes in the manufacturing and installation of commercial signage and location branding, leveraging the latest technology and premium materials. Our mission is to protect and enhance brands by creating impactful impressions and attracting the right audience.

As a full-service company, GPM is equipped to manage large-scale projects of any magnitude. From concept to completion, we ensure every detail aligns with our clients' vision, covering all aspects of a project with precision and care.

OUR SERVICES

ENGINEERING SERVICES

Comprehensive engineering solutions tailored to your project's unique requirements.

ELECTRICAL SERVICES

From indoor lighting to large-scale outdoor installations, we provide reliable electrical solutions.

BRANDING FOR SIGNAGES

Expertly designed and installed signage solutions to enhance brand visibility and impact.

VINYL WORK

Custom vinyl graphics for branding, decoration, and promotional purposes.

OUR SERVICES

STEEL STRUCTURES

Design, fabrication, and installation of durable steel structures for various applications.

WAYFINDING SYSTEMS

Streamline navigation with clear, functional, and visually appealing directional signage.

ACP CLADDING AND FACADE WORK

Transform your building's appearance with high-quality aluminum composite panel cladding and modern facade solutions.

OUR VALUE PROPOSITION

HIGH-QUALITY PRODUCTS

Guaranteed durability and excellence in every solution we deliver.

COST SAVINGS

Avoid costly trips abroad and eliminate shipping and customs hassles.

FASTER PROJECT EXECUTION

Complete your projects in significantly less time without compromising on quality.

BUDGET-FRIENDLY SOLUTIONS

Save on costs with flexible payment terms and local fabrication.

QUICK REPAIRS

Faster resolutions in case of accidents, as everything is produced in-house.

END-TO-END MANAGEMENT

We handle everything from concept design to final installation.

OUR QUALITY ASSURANCE

DIRECT SOURCING

We import our materials directly from trusted factories, ensuring quality and reliability.

IN-HOUSE PRODUCTION

All aspects of our work are managed internally for greater efficiency and precision.

STATE-OF-THE-ART TECHNOLOGY

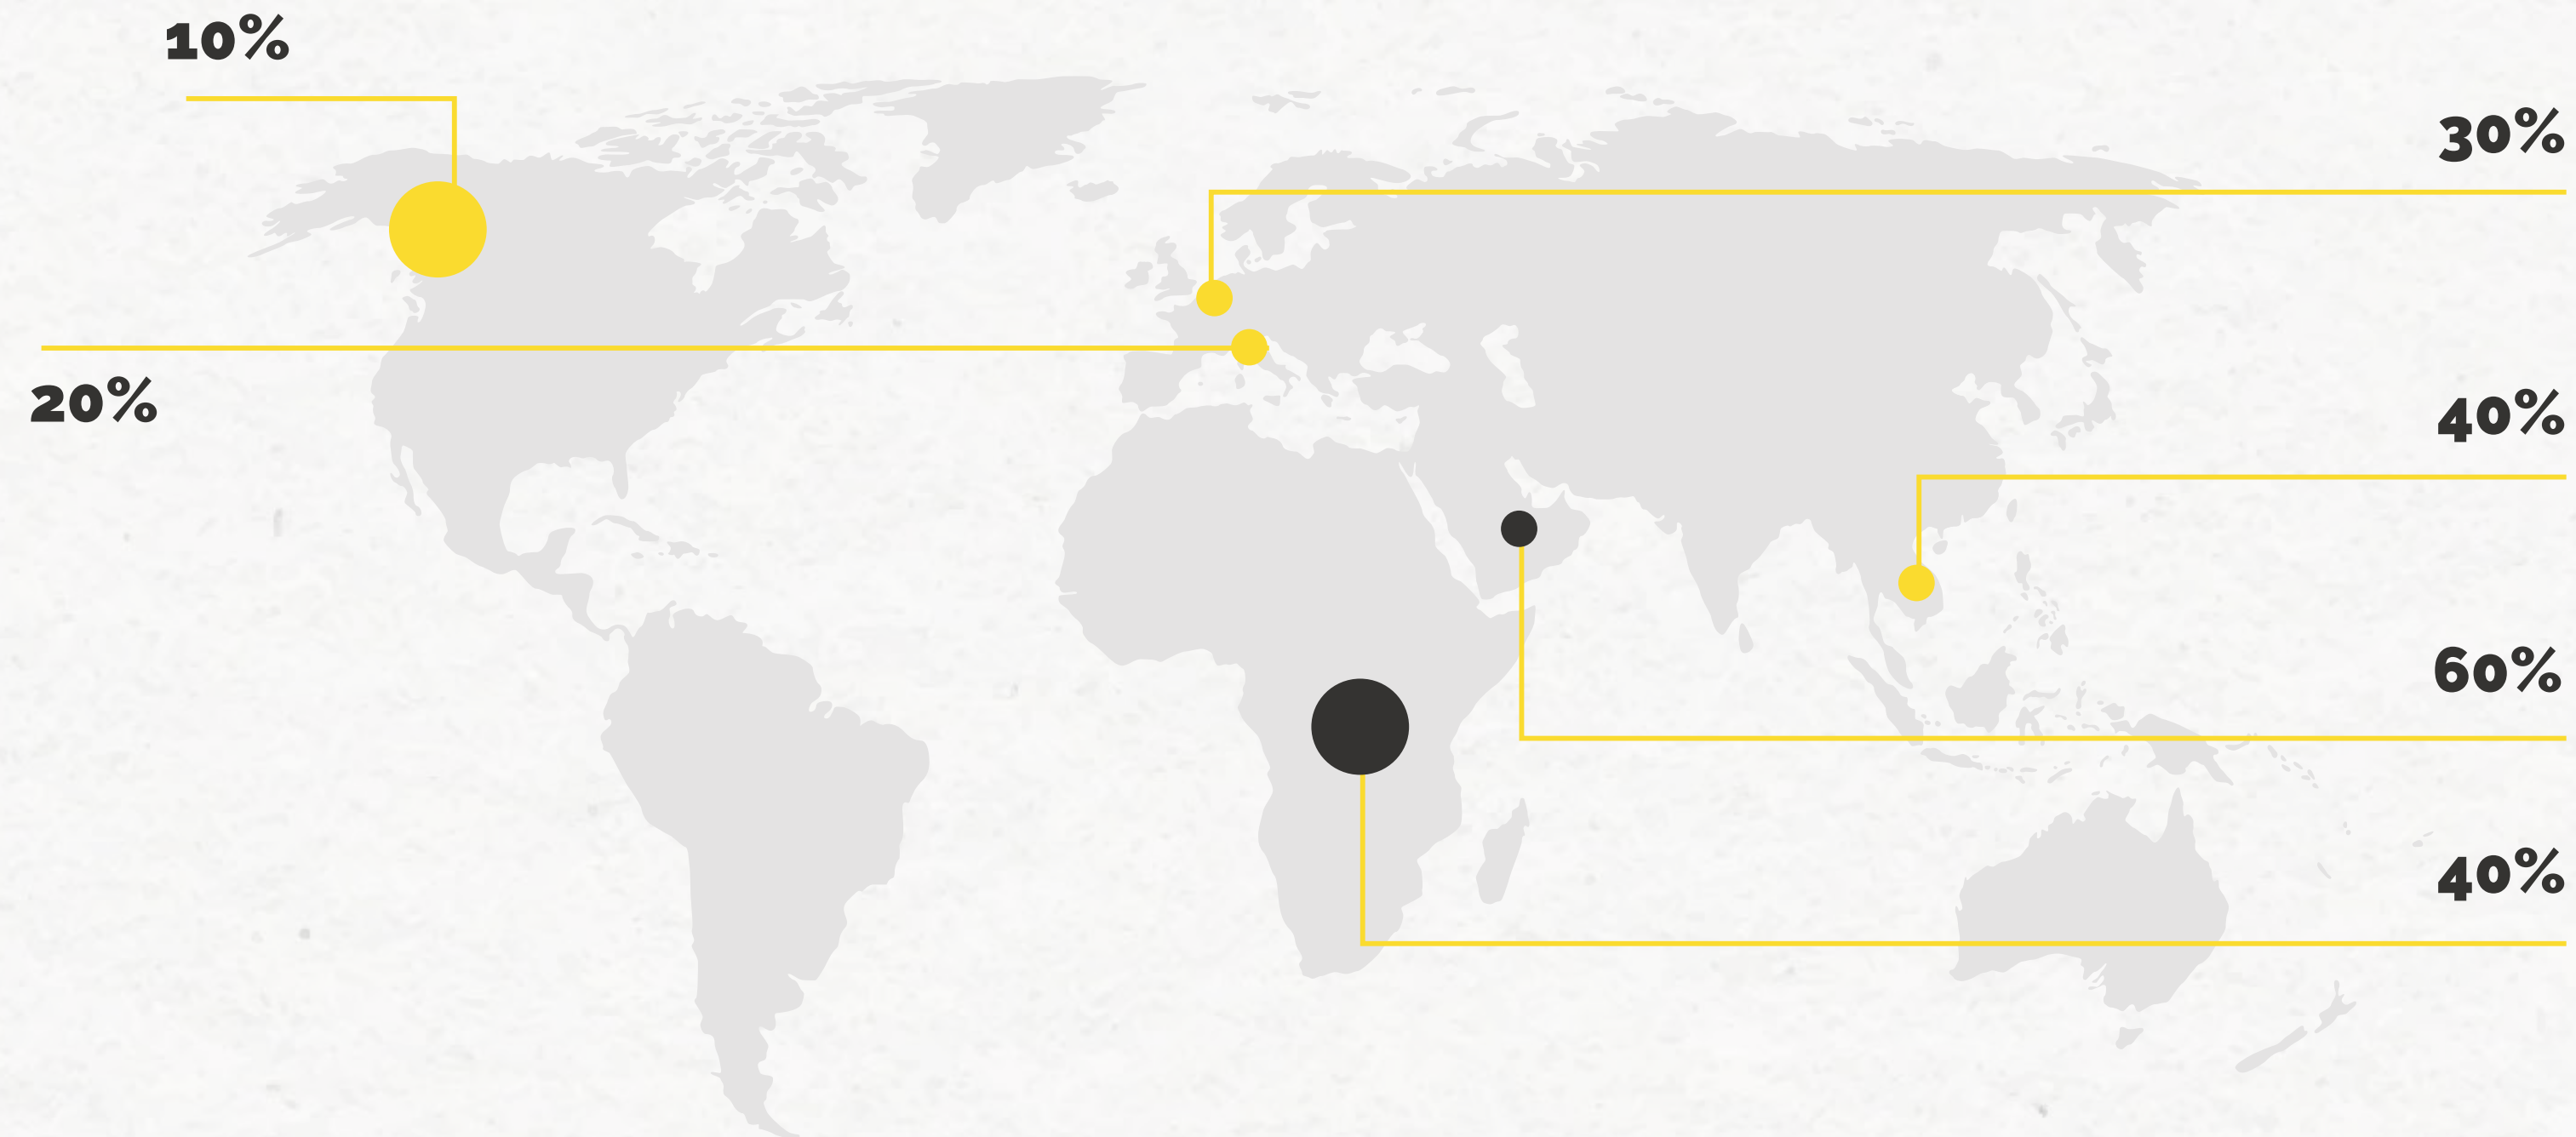

Our advanced machinery and tools deliver top-notch results.

EXPERIENCED TEAM

Our highly trained professionals bring expertise and dedication to every project.

BUILDING ACCP

KENYA BREWERIES LIMITED GRAND WEST HOTEL BAT

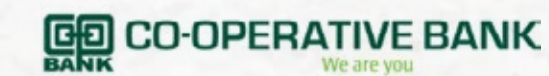

A construction worker wearing a white hard hat, a light blue shirt, and a high-visibility yellow safety vest stands on a construction site. He is holding a large set of blueprints in front of him with both hands. In his right hand, he also holds a red and blue pen. The background is filled with complex orange metal scaffolding and structural elements of a building under construction. The scene is dimly lit, suggesting dusk or dawn. The image is partially obscured by a large white circular shape on the right side.
